in the vineyard

Our farmers grow grapes on dry-land and deep-rooted bush vines. The wines reflect the ancient soils and coastal proximity for which the Darling region is so well known. In this individually crafted range, every wine tells its story.

The climate, terroir and viticulture result wine rich in flavour but with soft tannins. Come harvest time, ripening is carefully monitored for optimal ripeness and grapes are hand harvested.

about the harvest

The grapes are harvested from dry land (un-irrigated) bush vines, planted on deep-red decomposed granite soils ideal for the retention of natural moisture.

in the cellar

Cold soaked for 2 days and then fermented in open tanks with a combination of pump overs and punch downs. Alcoholic fermentation is finished on the skins with extended skin contact. Aged for 18 months in a combination of French and American oak barrels to perfect this wine.
